

Digital Library

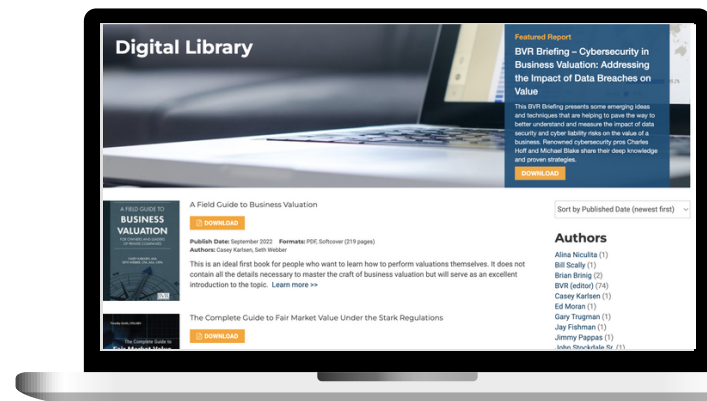

\$1,480 USD
1- year

A complete online library of the most important business valuation books.

The Digital Library provides online access to our respected library of titles focused on industry valuation techniques, methodology, and more. BVR's publications are written and edited by renowned experts including Nancy Fannon, Mark Dietrich, John Stockdale Sr. and many more. All 90+ BVR-published books, guides, and special reports are available and each time a new BVR title is released, you get immediate access to it with your subscription to Digital Library.

Benefits of Digital Library

- Stay current on the latest in thought-leadership with publications that focus on business valuation methodology, how-to's on an industry-by-industry basis, and more
- Save research time and money – stock your library with must-have publications for a fraction of the price
- Navigate valuation pitfalls and avoid missteps with search capabilities, continual updates, and instant access when new titles are released
