

# Bulletproof the Economic Section of Your Valuation Report

Access the most defensible economic data for your valuation reports with the Economic Outlook Update (EOU).

## Rely on Trusted Data

Trust the most accurate, current, and defensible data – the EOU's economic forecasts are based on expectations from 30 of the most prominent U.S. economic and financial firms.

## Harness Comprehensive Datasets

Rely on quarterly reports bolstered by monthly updates and access all historical reports dating back to 1Q 2003.

## Present Engaging Charts & Graphs

The EOU's charts and graphs are easy to read and understand, while the text is explanatory and insightful. The report is available in Excel, Word, and PDF formats so that you can simply copy, paste, edit, and incorporate whatever content you need into your report to make it your own.

## Save Valuable Time & Energy

Access data wherever you need it, whenever you need it. The EOU is available online at any time.
